## **Notice to Our Patients**

Effective Monday, May 15, 2017, Legacy Medical Group will update its process regarding fees for diagnostic testing, injections, and laboratory services.

For all services requiring a technician to be present at your location, Legacy will charge a \$15 service fee. This charge will not be billed to your insurance, and applies to diagnostic testing and lab draws ordered by your Legacy clinician.

In addition, a pick-up fee of \$35 will be assessed for all STAT (or urgent) testing and pick-ups that can not be handled during our regular schedule at your facility. Generally, urine and stool samples are valid only up to 24 hours, thereby necessitating a need for immediate pick-up and processing.

As an alternative to having Legacy pick-up your urine or stool sample, Beaumont Health has several service centers that accept lab drop-offs. Locations include: Berkley, Birmingham, Detroit, Farmington Hills, Lake Orion, Macomb Township, Rochester Hills, Royal Oak, St. Clair Shores, Sterling Heights, Troy, Warren, and West Bloomfield. Please call Beaumont Laboratory Client Services at 800-551-0488 for the location closest to you.

Legacy medical assistants are not qualified to answer billing questions. Therefore, please call 248-650-1800 if you have any questions.

**As always, we strive to provide the best possible care to our patients!**

Sincerely,  
Legacy Medical Group
